

INTERNATIONAL YOUTH CONVENTION • 30 MAY – 2 JUNE 2019 • DÜSSELDORF

## IYC compact #2

### It's great, that you'd like to send us an idea or a contribution for the International Youth Convention 2019.

Your ideas can be sent without registering but if you want to submit a contribution you must register first in the system. For this purpose some personal details are required, such as your contact data and the regional affiliation to a District Apostle Area.

WHAT?  
HOW?

In registering a contribution, we give the option of various categories:

musical contribution, vocal / instrumental

lecture, workshop, panel discussion, performance

booth, exhibition, action area

sports, indoor / outdoor

spiritual topics, devotions, pastoral care

Having chosen a category, the programme planners still need further details:

- Give a headline and a short summary.
- Explain the type and the content of the contribution more precisely, for example the style of music.
- On which target group is the contribution focussed (age and function)?
- How long should the contribution last?
- How long will the assembly and dismantling last approximately?
- In which languages can the contribution be offered?

After registration, you can propose an unlimited number of contributions. We are looking forward to them. Deadline is autumn 2018. However, it is easier for the planners if you submit them as early as possible.

Your programme co-ordination team
