1 CONDUCT

The International Youth Convention is a major event with over 30,000 young people and their guardians. A great community spirit can be enjoyed when everyone is considerate and helpful to one another.

All participants are organised into groups, each group having its responsible leader.

We ask for your exemplary behaviour, both on and off the event premises.

Please set your mobile phones to silent during the church service, the concert and between the nightly hours of 10 p.m. to 6 a.m.

The complete programme is open to all participants. However, there will be limited capacity at some events. Please have understanding therefore if, in individual cases, you are unable to take part in an event.

2 SAFETY & SECURITY

Access to the event premises is only permitted with a visible and valid participant's pass.

Keep your valuables with you at all times, and do not leave them in your overnight accommodation. Lockers and cloakrooms are not available. We accept no liability for lost possessions.

Instructions given at the exhibition centre by the respective onsite supervisors, stewards, the police and fire brigade must always be promptly followed.

Emergency exits are displayed in all buildings. Please acquaint yourself as soon as possible on your arrival with the alarm and evacuation procedures, assembly points, and the locations of fire extinguishers and emergency exit routes. All stairways, passages, corridors, emergency exits and entrances must be kept clear at all times.

The lighting of candles or open fires, and the use of electrical equipment such as immersion heaters, hot plates or similar items, is not permitted in the exhibition buildings or overnight accommodation.

Smoking is strictly prohibited in all buildings, in the Arena, in all toilets and showers, in the recreation areas and any other amenities. Smoking is only permitted in the designated outdoor smoking areas of the exhibition centre.

Items which are controlled under the law on drugs and alcoholic beverages are not permitted within any part of the event premises. Access to the premises will be denied to any persons who are intoxicated or are under the influence of drugs. It is forbidden to bring weapons of any form.

Animals are not permitted. Guide dogs may be permitted by prior arrangement with the organisers.

During the event, the police and fire brigade may carry out video surveillance within the exhibition premises, as a part of their duties.

3 OVERNIGHT ACCOMMODATION

The youth camps on the exhibition grounds are to be used solely for sleeping and relaxing in. Entry and exit is to be made via the designated entrances and exits only. For security reasons, only participants who are staying overnight are allowed access to their respective accommodation. On entering the allotted youth camps, participants' passes must be shown to the security steward, without having to be asked.

The night's resting phase begins at 10 p.m. in all overnight accommodation. Absolute silence must be kept between 12 p.m. and 6 a.m. During this time particular consideration must be made to all participants.

Instructions of the hall supervisors and stewards must be obeyed in all youth camps.

4 ENVIRONMENTALLY FRIENDLY CONDUCT

We want to make the International Youth Convention 2019 an environmentally friendly event. We therefore ask all participants to be environmentally friendly. Please keep all accommodation and sanitation facilities clean. Waste must be placed in the bins provided. Fixtures and fittings must be treated with respect. Any damage must be reported to a steward, group leader or local contact person immediately.

5 SANITARY FACILITIES

Shower units and hair dryers are available in the open-air area close to the dormitory halls. They are open between 6 a.m. and mid night. In order to provide all participants with the opportunity to use the facilities, shower time should not exceed five minutes. Please bring your own towel and washing utensils.

Further shower facilities can be found in the Rheinbad swimming pool and in the changing rooms of the sports centre.

6 MISCELLANEOUS

Please refer any questions or problems you may have to the stewards, and in the event of injury or illness you should request the first aid service for assistance.

The house rules of the Messe Düsseldorf exhibition centre, the Arena, and the conditions of use of the caravan centre, are an integral part of these house rules.

If the house rules are breached, the event organiser or the site owner may decide upon a house ban and exclusion from the event.
